BOURNE HIGH SCHOOL

"No matter where you travel, you will never be able to shake all of the sand out of your flip flops, nor the ocean out of your soul."

"And so we talked all night about the rest of our lives. Where we're gonna be when we turn 25. I keep thinking times will never change. Keep on thinking things will always be the same."

"But when we leave this year we won't be coming back. No more hanging out cause we're on a different track. And if you got something that you need to say, you better say it right now cause you don't have another day."

mc w

"Cause we're moving on and we can't slow down.These memories are playing like a film without sound.

And I keep thinking of that night in June. I didn't know much of love, But it came too soon."

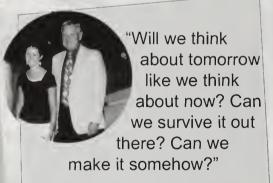

"And there was me and you, and then we got real blue."

"Stay at home talking on the

"Stay at home talking on the telephone.We'd get so excited and we'd get so scared."

"Laughing at ourselves thinking life's not fair. And this is how it feels...
So if we get the big jobs, and we make the big money, when we look back now, will our jokes still be funny? Will we still remember everything we learned in school?"

"Still be trying to break every single rule? Will little brainy Bobby be the stockbroker man? Can Heather find a job that won't interfere with a tan? I keep thinking that it's not goodbye. Keep on thinking it's a time to fly. And this is how it feels..."

"I guess I thought that this would never end."

"Will the past be a shadow that will follow us 'round? Will these memories fade when I leave this town? I keep thinking that it's not goodbye. Keep on thinking it's a time to fly. And this is how it feels..."

Class of o 5

"As we go on,
We remember,
All the times we,
Had together.
And as our lives change,
Come whatever,
We will still be,
Friends Forever."

2004 Junior Prom

"Another turning point,
A fork stuck in the road.
Time grabs you by the wrist,
Directs you where to go."

"So make the best of this test, and don't ask why. It's not a question, but a lesson learned in time."

"It's something unpredictable, but in the end it's right. I hope you had the time of your life."

"So take the photographs, and still frames in your mind. Hang it on a shelf in good health and good time."

"Tattoos of memories and dead skin on trial. For what it's worth, it was worth all the while."

"It's something unpredictable, but in the end it's right."

"I hope you had the time of your life!"

Lyrics from Greenday's, "Time of Your Life"

HOME VISITOR O

Homecoming Game 2004

The Bourne/Upper Cape Tech. football team had a very successful season this year, and the Homecoming game vs. Mashpee was no different. The Canalmen crushed the Falcons 35-0 much to the delight of the Bourne crowd at Jackson Field. Halftime was no different, as each class presented their Homecoming float in the "Viva Las Vegas" theme. In the end, the Juniors, Class of 2006, won the competition for best float. Earlier in the day, the Juniors also won in the Homecoming links competition. Throughout the week leading up to the big game, students from all classes had the opportunity to purchase Spirit Links, and at the close of school on Friday, the Juniors had the longest chain of links collecting profit off the sales to use for their upcoming prom. Congratulations to the Canalmen on a great victory!

At halftime, all four classes presented a float following the "Viva Las Vegas" theme picked for 2004. All the floats were great and had a lot of time put into them, but in the end, the junior class of 2006 won the competition.

Bourne High School comes together to recognize the fall sports teams and bring the football team good luck against Mashpee.

Sarah Good, Tom Andrea and Jeff Toombs display an eccentric collection of hats.

The cheerleaders finish off their performance with an awesome lift.

Hannah Brown joins the rest of the pep band welcoming the school into the pep rally.

The girl's volleyball team perform a unified slide for the audience.

Seth Hapenny and Warrem Randolph add to the great music coming from the BHS band.

The football team joins together to celebrate the season so far and get ready for their big game game.

The classes depart full of energy with full confidence in the football team to win.

Homecoming Game 63

The National Honor Society set-up for the big dance earlier that day to coordinate with the "Viva Las Vegas" theme. Balloons were hung, lights were strung up, and decorations were taped to decorate the cafeteria.

The Bourne High cafeteria was the place to be on Homecoming. Students enjoyed a great night of dancing and to add to the fun, the Red Sox won Game One of the World Series to all our likings.

The Homecoming Dance was the perfect way to end a great week. Following a very successful Spirit Week complete with pep rally and a Canalmen win over Mashpee the night before, students were in all their glory.

Throughout the evening, kids posed with their friends and dates for pictures. Kerri Halliday was named Homecoming Queen, and Justin Fernandes was voted Homecoming King. The two shared a dance midway through the night. Congratuations to them and all members on the Homecoming Court.

WORLD SERIES CHAMPIONS

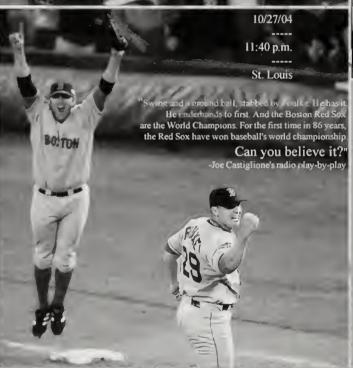

Fans adopted the "Believe" slogan throughout the playoffs. Catcher Jason Varitek and closer Keith Foulke could not contain their excitement on the mound when the finally won.

Pinch runner Dave Roberts was quick to show off the 2004 World Series trophy for everyone to see as the Red Sox stormed the field in complete hysteria full of excitement.

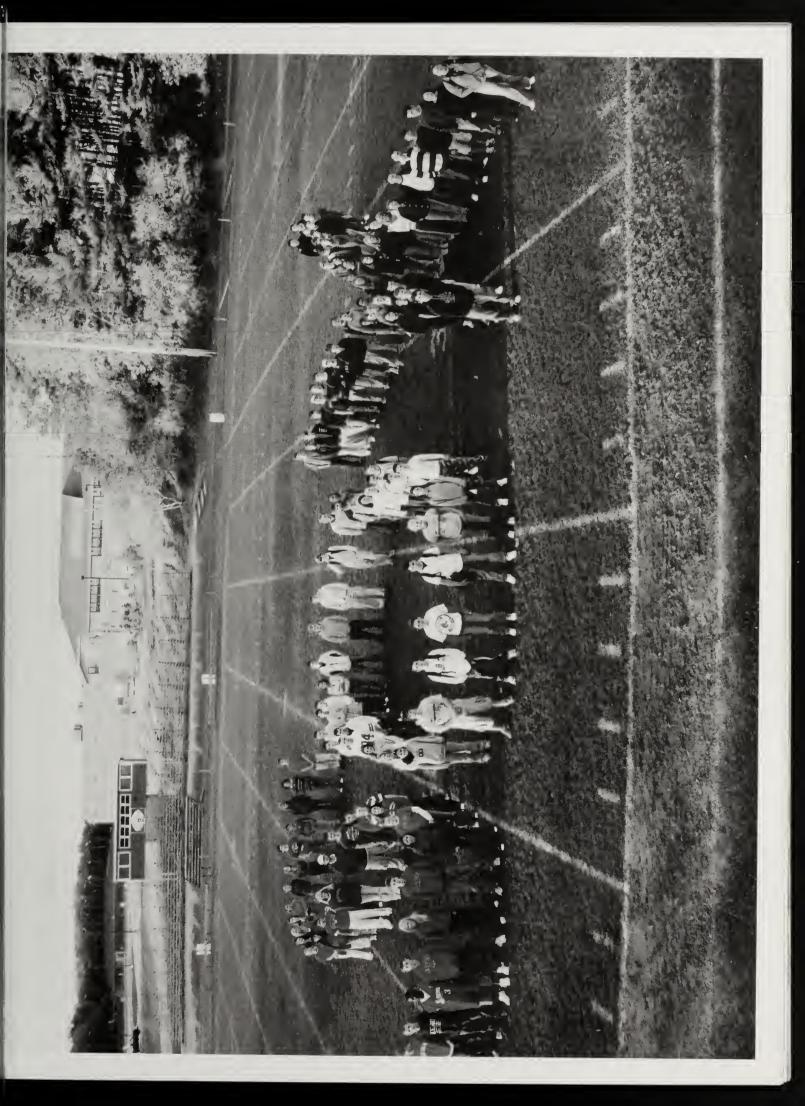

After an 86 year drought, the Red Sox were long overdue for a World Series Championship, and they finally got it sweeping the St. Louis Cardinals in four games. Making it even sweeter was how they got there beating their rival Yankees four straight times after putting themselves into an 0-3 hole. Parties rang out all over New England, and over three million people showed up to thank the team at the victory parade, the equivalent of half of Massachusetts. Thanks for bringing a championship to Boston and for finally breaking the curse!

Principal Grondin

As I reflect back, I've most enjoyed watching the students grow from freshmen to graduates and then to see the successes of our BHS grads in adult life. Every class has always seemed to have its own personality and no one class stands out as being better than the rest. I've been blessed to have had so many good years working with an excellent staff and students that took pride in their school. Retirement will be bitter sweet. I'll miss BHS on a daily basis, but it is time to move on to a new chapter in my life and time to bring on change at BHS. I hope to stay connected with BHS by continuing to attend and support the excellent extra curricular programs.

Good lock to the Class of 2005 as we graduate together to new horizons. My thanks to the staff, students, parents, and community for the support given to me throughout my principlaship.

Congratulations to the Class of 2005 Good Luck and Best Wishes

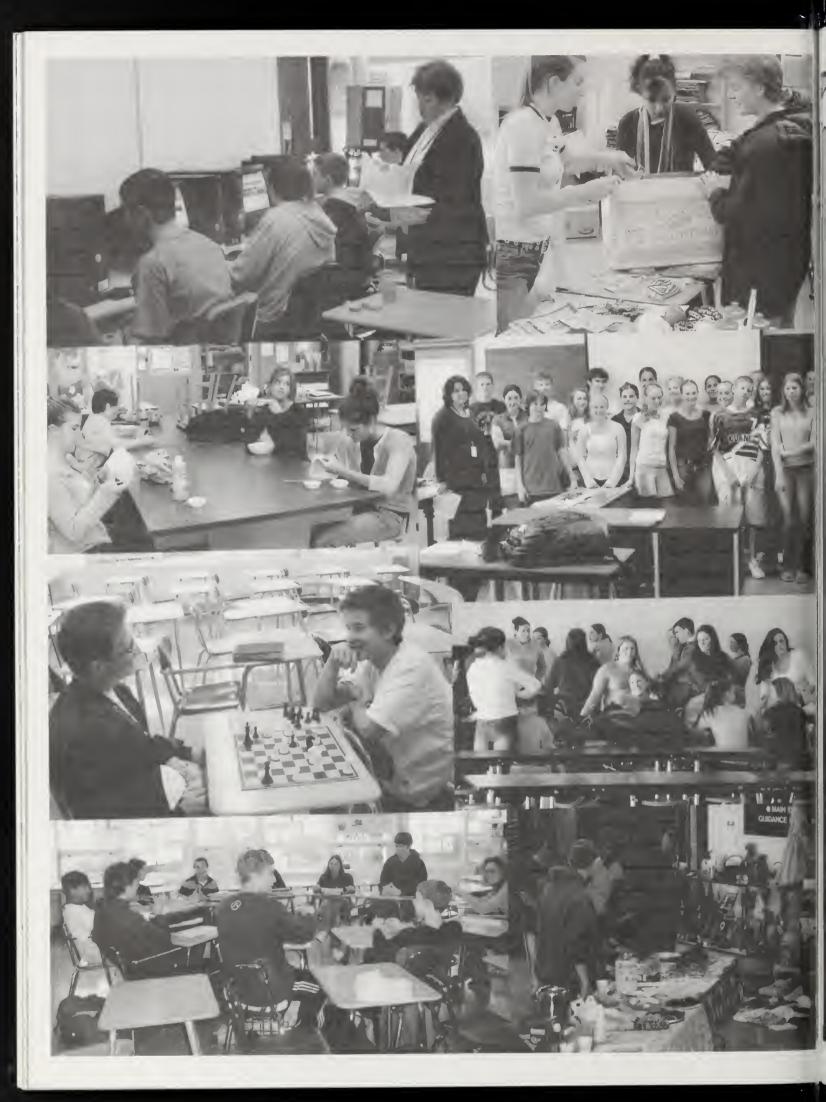

From Mr. and Mrs. John A. Grondin and Mr. and Mrs. William T. Gibbons

Advisor-Advisee

The A-A groups combine group discussions, activities, and sometimes, time on the computer in their monthly meetings.

LOOK LISTEN LEARN

Mrs. Cetner's group discusses the upcoming midterms the students will be taking and how to prepare.

The Advisor-Advisee program is now in its third year where freshmen meet with faculty with the hope of transitioning them better to their new status as high school students preparing for the outside world. These monthly visits incorporate needed advice on such topics as midterms, finals, leadership, interaction, and community service.

The goals of this new program include educating the students on how to maximize their learning experience in the school and giving them the necessary tools to succeed in future endeavors they encounter throughout their lives.

Military Outreach

During the
Holidays, Shandi
Carter and Jessica
McBride
delivered quilts
to the veterans.
Members of the
BHS cafeteria
staff crocheted
the blankets.

Trips to the hospital are made twice a month.

The patients in the ward are in long term care. Because of their injuries, they have less opportunity to leave the hospital and always welcome visits from BHS students.

The Military Outreach Club began after 9/11. Students wanted to make a contribution to the community and chose to visit military veterans in the Spinal Corps Ward of the Brockton VA Hospital.

Visits may include and number of activities, but they always begin with room by room visits with the veteran "brothers and sisters" to chat and deliver homemade treats.

Long after sunset, a luminary ceremony takes place where candles are lit for those who have died and survived cancer.

The American Cancer Socian Relay For Live

The walk is kicked off with a survivor's walk where survivors take their own lap around the track carrying a banner of hope with their handprints on it. The lap is full of determination and pride that these people have beat the disease.

The luminary bags remain lit throughout the walk until they burn out letting everyone know that they are not alone during the longest hours of the night in darkness.

Teams are organized by anyone interested, and it is the goal for \$100 to be raised by each member. The fundraising amounts continue to increase in huge amounts every year.

For many who feel like they can do nothing, the Relay is the perfect solution giving hope for a cure. It is also an amazing way to honor someone affected by the disease.

It is the hope of many that events like the Relay For Life will continue to raise awareness and someday aid in the discovery of a cure through its donations.

Can you believe it... I always knew you could do it. Ten years from now you will

be more disappointed in the the things that you didn't do rather than the things you did do.

There are many ways to measure success other than just a grade. In our book you're a grade "A". You have grown to be a beautiful woman inside and out...

DO NOT worry about tomorrow for tomorrow will worry about itself... Each day has enough trouble of its own.

Sara Beara Maine

Beara! You will always be my bestest friend in the whole world. We will always have our Grand memories! From when we started in WS with our Web Cam extravaganzas and our winter Wow men! I will never forget our summers at Latimer! Schlenfarger, growing marshmallows, sprinkles in milkshakes, but bouncing, tent adventures, (shut the @\$#& up you %\$#@#&@ crow)! You have taught me so much in the time that we have known each other. You are my dictionary for goodness sakes. But you know the best kind of friend is the kind you can sit on a porch swing with, never say a word, then walk away feeling like it was the best conversation that you ever had. You and I know that we will always have a great time no matter where we are. I can't wait to see what lies ahead of us. Beara, I don't know what I would do without you! You have saved me through thick and thin. You will always be my Beara no matter what! Love you always & forever- don't you ever forget that or I will have to come and kick you JR. Seducing butt!!!! Your Bean Talways , Bean

PS- You know that I could say way more but I decided to spare the students of BHS! Love ya-Beanis

My-Lan, the queen of names. Thanks for knowing everyone in the school!

The Yearbook Staff 2004-2005

Danny always had a face when layouts weren't going his way.

Type and count were two words the seniors didn't forget. They got all the bio's done and the superlatives sorted out.

Ms. Dunn was always there to try and keep us on task. We can't stop a little gossip here and there.

Although computers weren't Michelle's favorite thing, she made it through.

There was a lot of time spent in what came to be known as "The Sauna" rather than the yearbook office. It can safely be said that nobody misses our marathon Mondays, but we had a lot of fun doing it and eating a lot of M&M's. It's also a known fact that Mac's are everybody's favorite computers besides Katy's. Everybody can sleep peacefully without the word, "link" flashing through our dreams for another year. So here's the group that made this all happen... **EDITOR**

Thank you girls_ for the wonderful memories

God made little girls with their warm, cheerful ways

To add special beauty and joy to all the days --

He made each one thoughtful and trusting and giving gentle and kind with a great love for living... And He knew that a small part of Heaven above would always be found in a little girl's love. Another year has come and gone and with it, another book of memories. It was my pleasure to put this book together for all the graduating seniors and the underclassmen who will have more memories to come.

I cannot fathom this book ever being finished without the help of my wonderful staff who are also my friends. Your time and effort shined through every page, and your attention to detail really stood out. And to think that none of you had ever stepped foot in the yearbook office before this year, you produced an amazing book. From the very beginning, you were eager to learn and give all the Bourne High students, something to take with them and remember for years. As editor, you were always there to help me and correct my mistakes, but it was not only your work that got this book done, it was your attitudes. I sincerely thank you for your dedication and for always giving 110%. I consider it a privelige to have worked with you and hope that you remember the experience fondly.

I also must thank our advisor, Ms. Dunn. After putting the book together for so many years, you allowed me to be creative and discover on my own. Your very long hours after school so many days each week were appreciated by the entire staff, and as long as you didn't break the computers, we were very happy to get your input and use your knowledge.

I must finally thank the students of Bourne High. Without you, there would be no book, and it was all of your unique styles that made it special.

As editor, I dedicate this book to our longtime principal, Mr. Grondin. After so many years, you have touched so many students' lives, and I speak for the entire school in wishing you the best retirement and thanking you for your effort and dedication to Bourne High. You will be missed.

For the graduating class of 2005, I hope you take this to your reunions thirty years from now and use it to remember all the memories you had at Bourne. Good luck in whatever you do!
